

Seafood Processor

South Shore Trading is currently seeking hard-working, career-minded individual to join the team at our primary facility in Upper Cape, Port Elgin, N.B.

Responsibilities and Duties:

The selected candidate will participate in all activities associated with the production of high quality processed seafood. This will include some or all of the following: Processing, sanitation and hygiene, packaging, record keeping and product quality control.

Qualifications:

Direct experience in seafood processing, sanitation and hygiene procedures would be a valuable asset. Knowledge of basic principles of seafood handling would be preferred.

Skills:

A great work ethic and a positive team driven attitude are both essential. Data entry, reporting, and communication skills are necessary. Successful candidates must have initiative, eagerness to learn and be prepared to work in a fast-paced environment. The salary is commensurate with production bonuses and leadership abilities. Only candidates selected for interviews will be contacted.

Start date: as soon as possible

Please send resumes by email to Paul Firminger with "Seafood Processing" in the subject line.
