

Maintenance Planner Battered Products

OXFORD FROZEN FOODS LIMITED is the world's largest processor of Wild Blueberries and one of North America's leading producers of frozen carrots and battered vegetable products. One of the keys to our success has been our ability to be a low cost producer with a proven customer satisfaction focus. We have an immediate opportunity for a Maintenance Planner in our Battered Products facility located in Oxford.

The Maintenance Planner position is responsible for assisting with the development of reliability based maintenance strategy, based on preventive and predictive maintenance. They will work directly with the Maintenance Manager and maintenance team. The Planner will work independently and with other plant personnel to perform preventative, predictive and routine maintenance tasks.

The Planner position requires hands on maintenance experience and will be utilized when needed. All tasks will be performed while supporting the policies, goals and objectives of the company.

The ideal candidate will have experience and knowledge in the food or manufacturing industry. You must have excellent organizational skills and be able to communicate easily with co-workers and customers and work enthusiastically in a team environment.

Please send your resume to:
