

The Westmorland Animal Hospital

5 Robson Ave, Sackville, N.B

1-506-536-0999

westvet@eastlink.ca

The Westmorland Animal Hospital is a small animal hospital located in Sackville, NB, looking to hire a **Veterinary Technician!** We are anticipating for the right candidate to start in July of 2018 to cover a 12-18 month maternity leave. We are offering full time hours at 32-40 hours weekly, no on call, no night shift, and working every 5th Saturday.

The right applicant will share our positive attitude, strong work ethic, and enthusiasm for helping our patients, and their people. We pride ourselves in our friendly work environment and ability to thrive as an excellent team in providing our patients with the best care.

You will be working alongside two Veterinarians, as well as two experienced Veterinary Technicians, and three receptionists. Our clinic is equipped with in house diagnostics such as digital x-ray, a microscope, and brand new CBC, Chemistry, and Thyroid Blood Machines. We also have a new dental machine, and an anesthetic machine, allowing perform a wide variety of surgical procedures.

As a Veterinary Technician working at the Westmorland Animal Hospital, your job will include, but will not be limited to: Nursing duties, administering medications, collecting lab samples, placing IV catheters, monitoring surgeries with confidence, producing lab results (Blood smears, urinalysis, fecal, and various cytology), charting notes, restraint, and keeping the clinic clean.

Although experience is considered an asset, it is not necessary, as we welcome new and recent grads to apply for this position.

If you are a confident, skilled technician, with a positive attitude looking to work with like-minded people, we look forward to hearing from you!

Please drop off your resume at 5 Robson Ave, Sackville, NB, or e-mail it at westvet@eastlink.ca. You may also call the clinic with any inquires!
